

FOR IMMEDIATE RELEASE:

Jalopy Out Now on Xbox One

Banbury, Oxfordshire – 1st November 2019

Jalopy, the genre-defining, engine-fixing, windscreen-wiping road trip simulator is out now on Xbox One. With over half a million players on PC, Jalopy has now made its console debut and is available on Xbox One via the [Microsoft Store](#).

Prepare for an epic road trip through the former Eastern Bloc. With economic decline suffocating the world around you, scavenge what parts you can for your trusty Laika and smuggle forbidden goods past border guards to make extra profit, if you dare. The road ahead provides opportunity as well as danger.

Check out the launch trailer [here](#).

Navigate miles and miles of tyre changing, fuel burning, carburettor busting, mud clattering terrain, through night and day, rain and shine. Adapt to whatever the procedurally generated world of Jalopy can throw at you.

Upgrade, maintain and care for your Laika 601 Deluxe motor vehicle. Keep close attention to everything from the state of your tyres, the condition of your engine and even the space in your trunk. Repair each aspect of your scrappy little car and install unique upgrades to deal with the changing world. Everything from cargo weight to the condition of your carburettor will determine how your car performs on the open road.

Jalopy is developed by Greg Pryjmachuk, who worked on the Codemasters Formula 1 franchise from 2009 to 2014.

Review Codes for Jalopy on Xbox One Now Available

In order to request a press copy of Jalopy (on Xbox One or PC), please email us directly at jamesc@excalibur-games.com or [request a code on Keymailer](#).

About the Developer - Minskworks

Minskworks is Greg Pryjmachuk's development house. After working on the recent Formula 1 titles, Greg set off to make another driving game – Jalopy.

About Excalibur Games

Excalibur Games is the publishing arm of parent company Contact Sales Ltd, which was founded in 1997.

Excalibur Games has moved forward to release its own original products, in addition to widely recognised licensed titles.

Successful releases Jalopy, Tracks, Shoppe Keep 2 and Flashing Lights have propelled Excalibur's digital portfolio forward.

Excalibur has worldwide Microsoft™ Xbox One, Sony™ Playstation 4 and Nintendo™ Switch publisher status.

Excalibur will also continue to license high-end simulation franchises such as Euro Truck Simulator and American Truck Simulator, from highly acclaimed developer SCS Software.
