

## FOR IMMEDIATE RELEASE:

### Road to Guangdong – Character Backstories and Original Soundtrack Revealed

Banbury, Oxfordshire – 28<sup>th</sup> March 2019

Road to Guangdong, Just Add Oil Games and Excalibur Games' upcoming road trip game, stars Sunny and Guu Ma, and today's announcement gives players their most in depth look yet at the two characters.

Check out the [Steam announcement](#) to read Sunny and Guu Ma's character profiles, as well as listen to a couple of pieces from the game's original soundtrack – one theme for each character.

Each character profile offers glimpses into the backstories of both protagonist Sunny and her travel companion and great aunt, Guu Ma.

From composer Chris Randle (Team 17's *LA Cops* and Mike Bithell's *Volume*), Road to Guangdong's original soundtrack plays a vital role in the game, portraying the tension between tradition and modernisation. Of the two tracks now available to listen to, one represents a powerful and soulful traditional Chinese instrumental, channelling Guu Ma, while the other takes a more contemporary rock style channelling Sunny's taste as a young adult living in 1990s Guangdong, China.

### About Road to Guangdong

*Join Sunny and Guu Ma on the journey of a life time, as they travel across China in their aging but beloved family car. Can they maintain their beloved car and overcome their personal history to save the family restaurant?*

*Drive across China in the beloved but weathered family car, 'Sandy'. Take care of your tyres, fuel consumption and engine condition as you navigate the beautiful province of Guangdong. An epic journey in such an old car isn't going to be easy – be prepared to take a look under the hood. Add oil, manage petrol, maintain the engine and build a stock of useful parts to avoid calling out the mechanic.*

*Play as Sunny, a 23-year-old art graduate, as she joins 68-year-old aunt Guu Ma on a road trip to rekindle her family restaurant. Unexpectedly inheriting her family's restaurant, Sunny is tasked with reigniting relationships, and establishing her place in the family, on her quest to secure and recreate secret recipes.*

*Navigate narrative puzzles and moral choices as you select dialogue and shape Sunny's character. Sunny and Guu Ma's relationship will be tested and evolve throughout a road trip that will change both of their lives.*

The game is filled with visual charm and personality, combining bold colours with a low poly art style. The visuals are underscored by a score that evokes the '90s setting, and explores the tensions that exist between tradition and modernisation – themes which are at the heart of Sunny and Guu Ma's story.
